WELCOME ABOARD

Welcome home

Anyone who has ever been on board a container ship will never forget the impressive scenery of those modern port facilities – they don't have much in common with our romantic ideas of seafaring life. The fascination, however, remains – particularly for passengers. They can watch the hustle and bustle of loading and unloading of the containers and be close by when the pilot manoeuvres the powerful vessel out of the harbour.

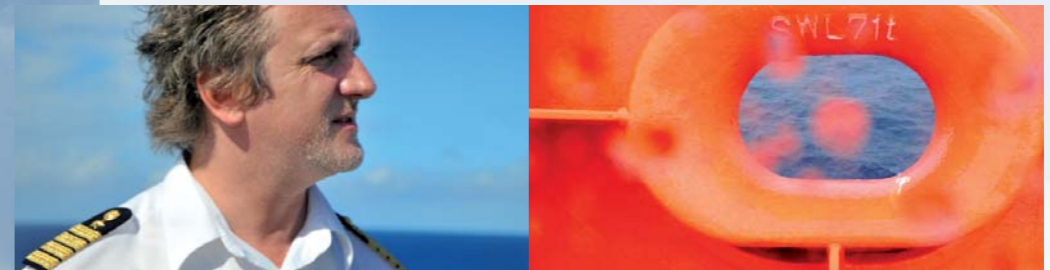

Once the vessel is on its scheduled course, things settle down again: From now on it is the magical combination of waves and clouds that determine the rhythm. You must experience it for yourself – words won't do it any justice! Immerse yourself in the adventure that is „Freighter Travel“.

PERFECT JOURNEYS

PERFECTLY PREPARED

You are planning a very special trip for the most beautiful time of the year. But a voyage on a freighter requires a bit of preparation.

The routes and schedules of freighters are based on their cargo volume. Cargo ship schedules change at any time and on short notice, even on regular routes. Please keep this in mind when planning your trip. Shipping companies make every effort to inform their guests as quickly as possible, but are not liable for any change of schedule or similar. Current information on travel packages is available online (www.hamburgsued-frachtschiffreisen.de) or call us: Phone +49-40-3705-157.

Together with the confirmation of your trip, we will also send you an invoice for the deposit (25% of the total amount). We will send you the final invoice four weeks prior to departure. One to two weeks before the scheduled departure, we will notify you of the exact departure date.

Passport, visa and health requirements depend on the itinerary. Please ensure compliance with the formalities. We will inform you of any regulations relevant to you.

Usually, there are also age restrictions for passengers – each shipping company has their own rules. It is in your own interest and for your own safety to be in good health and if you are on medication please bring plenty for your voyage. There are no doctors on board cargo ships.

Your accommodation on board will usually be in comfortable single and double outside cabins with en-suite shower and toilet.

The liability for baggage or an accident on board is usually limited. The terms and conditions of each individual shipping company apply. We strongly recommend that you take out comprehensive medical and travel insurance before traveling.

Hamburg Süd Reiseagentur GmbH is only the agent, not the organizer of these trips. As such, the terms and conditions for passenger travel of the shipping company, where the reservation was made, apply.
